

February 28th, 2013

To whom it may concern:

In February 2013, the North Vancouver Cruisers surveyed their membership to determine what level of support our club members would be willing to commit to for the furtherance of a 50m pool development at the Harry Jerome site. Based on the survey results, our club would be willing to add a separate fee of \$50 per member family. Assuming a 100 family membership, we would be able to raise \$5000-\$7000 to assist with the initiative.

Sincerely,

A handwritten signature in black ink, appearing to read "P. Ceholski", with a horizontal line extending from the end of the signature.

Perry Ceholski
President, North Vancouver Cruiser Aquatics
